INTERVIEW SUMMARY

During a telephonic interview conducted on 9/27/2006, the Examiner called to express concerns about issues related to the antecedent basis of unicast address. Applicant agreed to consider amendments to address the expressed concerns. During a subsequent interview on 10/3/2006, the Examiner agreed that an amendment to claim 1 that recited, "each forwarded stream being forwarded to a unicast address of each of the two or more terminals" would likely address his concerns.
